

## 2022-2023 Early Order Savings Program

### Year Round Plant Protection

Winter, spring, summer, or fall. Rain or shine. Full sun or shade - TurfScreen branded products provide year-round affordable plant protection from the most extreme weather and environmental conditions. Our patented technology is verified to significantly improve turf quality, reduce water usage, minimize wilt, and LDS while protecting active ingredients from wash-off and UV breakdown. Quite simply, you will be able to push your plants much further with fewer inputs and less stress. Try TurfScreen branded products today and you will be impressed with their effectiveness, versatility, and affordability.
