Surf Side Super Seaweed Cocktail

Available Sizes	Quantity	Savings	MSRP	EOP Cost
2 x 2.5 Gallon Jugs	Any	5%	$350.00	$333.00

Surf Side Seaweed Cocktail is a plant balanced mixture of soluble humates, seaweed extracts, beneficial bacteria, essential plant vitamins blended with Surf Side Premium Wetting Agent. Designed to be an effective biostimulant for improving turf quality, reduce stress and enhance overall soil and plant health.

- Soluble humates
- Seaweed extracts
- Beneficial bacteria
- Essential plant vitamins
- Surf Side Premium wetting agent

Surf Side Jumbo & Super Seaweed Jumbo Pellets

Available Sizes	Quantity	Savings	MSRP	EOP Cost
Case of 2 Jumbo Pellets	Any	5%	$334.00	$317.00
Case of 2 Seaweed Jumbo	Any	5%	$404.00	$384.00

Surf Side Jumbo Pellets use the same surfactant base as our traditional Pellets, but weigh 9.5 lbs and come in a 1-gallon plastic pail. They are designed for use directly in wet wells to easily apply wetting agents to an entire course. Field tests showed that each Jumbo Pellet treats between 750,000 to 1 million gallons of water. Super Seaweed Jumbo Pellets boost nutrients and stimulate microbial activity to increase overall plant health.

Surf Side Premium Granular

Available Sizes	Quantity	Savings	MSRP	EOP Cost
19 Gallon Fiber Drum (57 lbs)	Any	5%	$325.00	$309.00

Surf Side Granular combines the safe and proven performance of Surf Side Premium Wetting Agent with a natural corncob carrier to achieve excellent wettability of sands, clays, and organic matter. Designed to be a spreadable wetting agent, Surf Side Granular can also be mixed with top dressing or divot mix to enhance their effectiveness.
